## Spinal Cord Stimulators

For people living with chronic pain, Spinal Cord Stimulation (SCS) can be an alternative to other therapies used to manage chronic pain.

This minimally invasive surgery consists of implanting a device called a neuromodulator that sends mild electrical impulses to the epidural space near the spine.

## BrizBrain & Spine Trivia Question - Chance to Win!

*Can you name the four Universities that BrizBrain & Spine are affiliated with?*

Please email Cyndee Muller with the correct answer to [info@brizbrain.com.au](mailto:info@brizbrain.com.au) by close of business 15 August 2012. All correct entries will go into the draw to win a \$50 Cole Myer voucher and the winner will be announced in the next newsletter.

Congratulations to RICHARD who correctly answered last month's trivia question.

Good luck!

---
